Notes for proofreading of author's manuscript

Dear _____ (author):

Your paper has been typesetter. Now I send you a clear sample for your careful review. The specific requirements are as follows::

(1) Proofread the draft at least once. Correction of errors should be neat and clear, if there is no special reason, do not make supplementary modification; The author order and organization of the manuscript will not be changed. If you find any serious mistakes in the proofs, please inform the editorial department as soon as possible.

(2) Proofreading typesetting sample includes the following:

① The title, abstract and key words of the paper in English and Chinese;

② The author's name, institution, address, zip code and fund support;

(3) The text of the figure (especially the map), figure title, table title and the text and figures in the chart;

(4) The physical quantity symbols and their units in the text and formula of case, upper and lower corner marks, vectors, etc.;

⑤ The location of references in the text and the annotations after the text (journal title, year, volume, issue, page number);

⑥ The full text of the wrong words;

⑦ Improper expression of words.

(3) Please complete the proofreading within 3 days after receiving the proof. After confirming the correctness of the content of the proof, please sign on the front page of the proof (the first author), and return the proof to the editorial department (unified receipt of proof email: adearth@lzb.ac.cn; Can be scanned) to avoid delay in publication. If the proofreading is not completed within the specified time due to business trip, contact the editorial department to explain the situation and return to the proofreading as soon as possible.

According to the principle of self-responsibility, please proofread the typesetting proof carefully!
